**LEADERSHIP
NEW ALBANY**

OVERVIEW

Leadership New Albany is a community leadership development program offered by the New Albany Chamber of Commerce for both emerging and established leaders. This eight-month program (January - August) takes participants on a journey to deepen their knowledge of New Albany's past and present while gaining a better understanding of the city's business, economic, civic and government landscape. In addition to community exploration, the program includes a strong leadership development component designed to help participants grow personally and professionally. Local leaders share their expertise through presentations, interactive sessions, panel discussions and behind-the-scenes tours.

CRITERIA

Leadership New Albany is designed for leaders who want to become more engaged in the community while growing personally and professionally through collaboration and relationship-building. The ideal candidate is typically a mid- to senior-level professional with demonstrated career and community involvement who is committed to investing time and energy into the experience.

COMMITMENT

Participants should be prepared to fully engage in the program through consistent attendance and active participation. Because the experience depends on the involvement of the full class, participants and their employers must commit the necessary time to attend the monthly full-day sessions; to graduate, participants may not miss more than one session.
